Parowan Valley D/S #22 & 80

Dear Gerald:

Re: Buckhorn Development Corp.

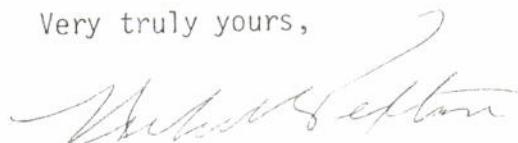

Attached is a letter from Joseph C. Zitting. He apparently objects to being assessed for "costs relative to the Pumpers Association Power Project."

I assume you have a copy of the 1981 Parowan Valley Distribution System Budget and Assessment. There is an item in the 1981 Budget for \$ 3,000.00 entitled "Water Users Expense." Is this the Budget Item amount that he is referring to?

I feel that it would be well if you could contact him and see exactly what it is that he objects to and then inform this office if there is to be an adjustment to his 1981 Water Assessment.

Also you may want to get Chairman Jess Pickett's opinion of this situation. If there is anything I can assist you from this office feel free to contact me. Thank you.

Very truly yours,

Richard R. Pexton
Distribution Accountant

Gentlemen,

You are required by law to collect
the costs of the distribution system,
but have no legal right to access
us for costs relative to the
Pumpkin Association Power project.

Whereas I am working on my own
Power source I do not wish to
participate with the Panaman Valley
Pumpkin Association. (an association which
is not a legal entity)

Therefore please bill me for my share
of commission related costs only

Joseph C. Zilly
